

## HALTON REGION IMMUNIZATION

### INFORMATION

Dear Parents and/or Guardians,

Did you know that children must have proof of immunization or exemption before attending a child care centre? It's also important that you update the Health Department and Harmony Preschool after every immunization your child receives. It's the law and helps keep our children safe and healthy! To report your child's immunization record, please:

1. Report your child's immunizations to the Halton Region Health Department in one of the following ways:
  - a. Online at **halton.ca**
  - b. Download the OneHalton app and choose the Online Service Request
  - c. In person or mail to 1151 Bronte Road in Oakville, ON, L6M 3L1
  - d. Call 311
2. Submit a copy of the updated record to Harmony Preschool. Visit **halton.ca**, use the OneHalton app or call 311 to get a copy of the record.

If you have an immunization exemption form, you must submit the original to the Halton Region Health Department and provide a copy to Harmony Preschool.

If you're currently looking for a family doctor, you can visit **halton.ca** for a list of new doctors that are accepting patients in Halton Region. Thank you for your help in keeping Halton's children safe and healthy.

For more information, please visit **halton.ca** or call 311
